The tournament is held on a semi-permanent course designed in a young forest area between Vodovodna Street and the Varaždin City Cemetery.

Parking spaces are located in Ratimira Hercega Street, and are 250 m away from hole 1.

The meeting place and tournament center is the area between fairway 6 and fairway 7 - pink circle on the map.

The tournament is played in three rounds. In each round, the same 9 holes are played twice, so that all rounds consist of 18 tracks. The expected duration of the round is about 90 minutes.

There are several trails used by walkers through the course, so if necessary, wait for them to move before throwing.
