Orange area (everything after the walking path - white road) until flags is RELIEF AREA and if your lie is in it you play it like it was OB (where it entered OB or previous lie), but with NO penalty.

Area by the basket is in bounds.

Relief area has dashed line and extends indefinitely to all directions (but not across the white line - walking path).

Red area is OB (out of bounds) for the safety reasons as the hill can be steep and slippery.

If you land in OB you move to drop zone on top of the hill with one penalty stroke added.

If you do not want to play over the hill you can immediately move to the drop zone and play 3rd throw from there.
